

Sweet Miracle

Rush

I wasn't walking on water
I was standing on a reef
When the tide came in
Swept beneath the surface
Lost without a trace
No hope at all
No hope at all Oh, sweet miracle
Oh, sweet miracle
Oh, sweet miracle
Oh, sweet miracle
Of life I wasn't walking with angels
I was talking to myself
Rising up to the surface
Raging against the night
Starless night Oh, sweet miracle
Oh, sweet miracle
Oh, sweet miracle
Love's sweet miracle
Of life Oh, salvation
Oh, salvation
Oh, salvation
Oh, salvation I wasn't praying for magic
I was hiding in plain sight
Rising up from the surface
To fly into the light, into the light Oh, sweet miracle
Oh, sweet miracle
Oh, sweet miracle
Oh, sweet miracle
Of life Oh, sweet miracle
Oh, sweet miracle
Oh, sweet miracle
Oh, sweet miracle
Of life
