

# Love Ain't Enough

JRDN

You said to stay together  
Cross your heart hope to die  
What they said it is forever  
And now I understand why 'Cause I'm spending my time tryin' to figure out what it is  
'Cause I spent my last dime, and I ain't got shit to give (Yeah)  
Still you need more, more?  
I guess love ain't enough  
I guess love ain't enough (Yeah)  
Love ain't enough (No-oh)  
Love ain't enough  
I guess love ain't enough (No-oh) You said you needed more  
So I pointed out  
That you never reach the world until the water's gone  
Everything you needed I gave to you (Oooh)  
But the clock's really pointing past too late for you 'Cause I  
Spending time tryin' to figure out what it is  
Cause I spent my last dime and I ain't got shit to give (No-oh)  
Still you need more, (You need more) more (you need more)  
I guess love ain't enough (It ain't enough) -ough (It ain't enough)  
I guess love ain't enough (Love ain't enough)  
Love ain't enough (No-oh)  
Love ain't enough (Love ain't enough)  
I guess love ain't enough (No-oh) You said you'd always be here  
So how could you leave me?  
Standing in the cold, (Oh) Spending my time tryin' to figure out what it is  
'Cause I spent my last dime, and I ain't got shit to give  
Do you need more, (You need more?) more? (You need more)  
I guess love ain't enough (It ain't enough) -ough (Love ain't enough)  
I guess love ain't enough  
Love ain't enough  
Love ain't enough  
Love ain't enough  
I guess love ain't enough (No-oh)
