

# Cosmogony (Music of the Spheres, equilibrium)

Björk

Heaven  
Heaven's bodies  
Whirl around me  
Make me wonderAnd they say back then our universe  
Was an empty sea, until a silver fox  
And her cunning mate began to sing  
A song that became the world we knowHeaven  
Heaven's bodies  
Whirl around me  
Make me wonderAnd they say back then our universe  
Was a cold black egg, until the God inside  
Burst out and from its shattered shell  
He made what became the world we knowHeaven  
Heaven's bodies  
Whirl around me  
Make me wonderAnd they say back then our universe  
Was an endless land, until our ancestors  
Woke up and before they went back to sleep  
They carved it up into the world we knowHeaven  
Heaven's bodies  
Whirl around me  
Make me wonderAnd they say back then our universe  
Wasn't even there, until a sudden bang  
And then there was light, was sound, was matter  
And it all became the world we knowHeaven  
Heaven's bodies  
Whirl around me  
And dance eternal
