

Dead Is the New Alive

Emilie Autumn

Dead is the new alive
Despair's the new survival, a pointless point of view
Give in, give in, give in, give in
You play the game, you'll never win Dead is the new alive
Life's only living rival, a casket built for two
Give in, give in, give in, give in
You play the game, you'll never win So take me now or take me never
I won't wait, you're already late
So say goodbye or say forever
Choose your fate, how else can we survive?
Dead is the new alive Dead is the new alive
A Gothic play revival, the last act of the show
Give in, give in, give in, give in
You play the game, you never win So take me now or take me never
I won't wait, you're already late
So say goodbye or say forever
Choose your fate, how else can we survive?
Dead is the new alive What is a day without a blessed night?
And what is peace without a blessed fight?
What is a day without a blessed night?
And what is peace without a blessed, blessed, blessed fight? A quick taste of the poison, a quick twist of the knife
When the obsession with death
The obsession with death becomes a way of life
A quick taste of the poison, a quick twist of the knife
When the obsession with death
The obsession with death becomes a way of life Alive, alive, alive, oh, oh, oh, oh, oh
Alive, alive, alive, oh, oh, oh, oh, oh
Alive, alive, alive, oh, oh, oh, oh, oh
Alive, alive, alive, oh, oh, oh, oh, oh Dead is the new alive, alive, alive, alive
Dead is the new alive, alive, alive, alive, alive
Dead is the new alive, alive Dead is the new alive
Dead is the new alive
Dead is the new alive
Dead is the new alive Dead is the new alive
Dead is the new alive
Dead is the new alive
Dead is the new alive Dead is the new alive
Dead is the new alive
Dead is the new alive

Dead is the new alive
