

Send My Love To The Dancefloor, I'll See You In He

Cobra Starship

Let it go
There's no way you can save it now
Get back, you know
That this city is burning
So the story goes
It makes you wonder
'Cause if we're trapped and we're never gonna find a way out
Get out, we're gonna dance now
Hey Mister DJ
You gotta put a record on, yeah
We're gonna bury this town tonight
We're gonna dance all night
Hey Mister DJ
You gotta put a record on, yeah
We're gonna dance tonight
Dance tonight
I let you go
And I'm still waiting for you to find
There's nothing more
Than this time that is right now
So the story goes
It makes you wonder
'Cause time is up and you're never gonna get another
Chance now, you gotta dance now
Hey Mister DJ
You gotta put a record on, yeah
We're gonna bury this town tonight
We're gonna dance all night
Hey Mister DJ
You gotta put a record on, yeah
We're gonna dance tonight
Dance tonight
Let it go, the game is done
The camera's off, it can't be too hard
Let it go, the game is done
Camera's off, it can't be too hard
To fake it now, gotta fake it now
Let it go
There's no way you can change me now

Get back, you know
I don't need you to save me
So the story goes
Hey Mister DJ
You gotta put a record on, yeah
We're gonna bury this town tonight
We're gonna dance all night
Hey Mister DJ
You gotta put a record on, yeah
We're gonna dance tonight
Dance tonight
