

# Come Monday

## Pickin' On Jimmy Buffet

In 3B it's Diane  
And she's makin' a plan

She says  
I'm gonna change my hair  
It just don't fit my face anymore  
I'm gettin' out of here  
I just don't like this place anymore  
Tired of all the stallin'  
This time it's for good

Come Monday  
Come Monday  
My life starts again  
My new point of view is beginning

Come Monday  
That one day  
My ship's comin' in  
And this time I'm ready to roll!  
Come Monday  
Come Monday

Now here's Ken in 5N  
And he swears once again  
He says  
I'm gonna lose the weight  
Gonna get in to my clothes again  
I'm gonna graduate  
I'm gonna be the one who knows again

No more lame excuses  
Then it's understood!

Come Monday  
Come Monday  
My life starts again  
My new point of view is beginning

Come Monday

That one day  
My ship's comin' in  
And this time I'm ready to roll!  
Come Monday  
Come Monday

Come Monday  
Come this Monday

Hey Bob, I'm changin' my job!  
Hey men, I'm making a plan!  
Yeah slim, I'm joinin a gym!  
And this time I'm ready to roll!

Come Monday  
Come Monday  
My life starts again  
My new point of view is beginning

Come Monday  
That one day  
My ship's comin' in  
And this time I'm ready to roll!

Come Monday  
Come Monday  
Come this Monday  
Come this Monday
