Sanumi lyrics by oritsefemi ;

There is no gain in evil
Bad man people! Eheh!
Our enemies Na dem
Go reck back shet
Because they are nice
No dey jam for real
Musial Taliban no 1
.
.
Dabeat on the beat
Aachaah!!
Blood money for party (Shepa)
Na in dey dispense in party
E go wake person on fire
E go falstrate and we go
Commit suicide!
Big men no dey get sense
Cos they roll on private jet
Suffaration is not our portion
All we have to do
Is to hustle to the top
My government dem dey Holla
the billion dollas
Na in dey make everything dey
getting fobial
Some dey form back them like
To catch up
While some people seem dey use am
As their tissue paper

Sanumi o baba

Please don't make my enemy laugh you
When they see me
