Brother

Toad The Wet Sprocket

[Chorus]
I find my brother in there
Deep in my heart
I find my brother in there
Hold in my arms
I love you
And if I seem too quiet now
There are no words
To tell you how
I love youI often feel
Like the prodigal son
Take all I need
Giving back noneOur beauty shows
In such different ways
You're like the light behind the fog
So soft
But still you burn my eyes away[Chorus]So much has changed
And so much has happened these years
But still I find that you
Are waiting here
We have a bond
That nothing can change
And still I find
A peace of mind
Whenever I hear your nameAnd if I seem too quiet now
There are no words to show you how
I love you
