

# Let Love Be

## Chelsea Lankes

Yeah, yeah

Let love be

Baby, fell in love before he took your heart away  
And then he left you in the cold and it's crazy, yeah  
'Cause now you tell yourself you'll never fall in love again

I know it's hard to let it go

But you gotta stop, breathe

Maybe it's no coincidence that's you're here with me

Girl, you should have changed your heart, listen

Everybody knows when you find true love

You might not find it again

So take it by the hand and let love be

Everybody knows when you find true love

You might not find it again

So take it by the hand and let love be

(Yeah, yeah)

Let love be

(Yeah, yeah)

Let love be

Baby, I know sometimes you wanna run away

Why don't you run into my arms and maybe

I can help you see, help you see things my way

I see you for the star that you are

But you gotta stop, breathe

Maybe it's no coincidence that's you're here with me

Girl, you should have changed your heart, yeah, yeah

Everybody knows when you find true love

You might not find it again

So take it by the hand and let love be

Everybody knows when you find true love

You might not find it again

So take it by the hand and let love be

(Yeah, yeah)

Let love be

(Yeah, yeah)

Let love be

Sometimes it's written across the sky

Might be in disguise

But sometimes it's easy to see

That's it's a beautiful thing  
Let love be  
Sometimes the writing's on the wall  
Or maybe those words are just too small  
For you to see  
So open your eyes and let love be  
Everybody knows when you find true love  
You might not find it again  
So take it by the hand  
(Take it by the hand)  
And let love be  
True love comes when you find yourself  
And that's where the story begins  
So take it by the hand and let love be  
(Yeah, yeah)  
Ooh, let love be, yeah  
(Yeah, yeah)  
Ooh, let love be  
Ooh, oh yeah  
Let love be
