Dinner With Gershwin

Donna Summer

I wanna have dinner with Gershwin
I wanna watch Rembrandt sketch
I wanna talk theory with Curie
Impossible I guessI wanna talk moods with Picasso
On a rendezvous
I wanna fly double with Earhart
I wanna get next to you, next to youSo close, just as close as I can get
The rain of your worry can't effect
What I feel is what I feel
One touch of your greatness is what I need
My circle of fantasy would be completeI wanna sing hymns with Mahalia
When the day is through
I wanna tell you about it
I wanna get next to you, next to youSo close, just as close as I can get
The rain of your worry can't effect
What I feel is what I feel
One touch of your greatness is what I need
My circle of fantasy would be completeSo close, just as close as I can get
The rain of your worry can't effect
What I feel is what I feel
One touch of your greatness is what I need
My circle of fantasy would be completeI wanna have dinner with Gershwin
I wanna watch Rembrandt sketch
I wanna talk theory with Curie
I wanna get next to you, next to youDinner with Gershwin
I wanna get next to you, next to you
Dinner with Gershwin
Dinner with Gershwin
Next to you, next to you
I wanna get next to you, next to youDinner with Gershwin
I wanna get
Dinner with Gershwin
Dinner with Gershwin
