

Soft Things

Devo

Soft things
You want soft things
You need soft things
You'll get soft things You register a motion, you get a helpful hint
There's a certain way it shivers when she shakes Her mind seemed so chaotic
Her posture was erotic and her voice was exotic
I acted so neurotic, I thought it idiotic
Her dance was so technotic, she became hypnotic And now I'm calling out for soft things
Something soft when times get hard
And now I'm calling out for soft things
When something calls you you'll know what to do Soft things
You want soft things
You need soft things
You'll get soft things You find a longer wavelength, you hear a deeper note
It's a buried treasure that she doesn't hide Her mind seemed so chaotic
Her posture was erotic and her voice was exotic
I acted so neurotic, I thought it idiotic
Her dance was so technotic, she became hypnotic And now I'm calling out for soft things
Something soft when times get hard
And now I'm calling out for soft things
When something calls you you'll know what to do Soft things
You want soft things
You need soft things
You'll get soft things Soft things
You want soft things
You need soft things
You'll get soft things
