

My Heart (Prod. By Polow Da Don)

Jennifer Hudson

Whoa, whoa,
One, two, three, four Whats up girl? let me holler at you for a second.
I just want you to know all of those other girls they never meant anything to me,
Your the only one for me You turned me on, sounds so good talking fast.
But before we go on there's something I must ask,
Not about your past cause I don't care who came before me,
No my maturity is bigger than that.
I am more curious bout what you truly want,
Do I since sincerity or just good talk,
I don't care about the room or mill
But be understanding how you truly feel for me,
And yea I want you sexually [Chorus]
But I ain't talking bout that, ain't talking bout them,
(Ain't talking bout her) ain't talking bout him
(I'm talking bout trust) I'm talking bout truth
(I'm talking bout me) and what I'm giving you
(This is my heart) please take care
(This is my heart) always be there
(This is my heart) something you cant take
So whatever you do please don't break my heart Some girls are satisfied with clashing heads
And some girls are happy just to have a man
But my heart has my word to never put her in the way of harm
So you know I like your charm [Chorus] One night ain't gone get you no where,
There's so much to learn and what you dedicate to me is what you'll get back in return,
Now my bedroom game is sick, and that's only the half of it,
(I need love), I'm tired of the same, (give love) and no games [Chorus] I'm talking about the truth, and what I'm
giving you
This is my heart
