

Necessary Evil

The Dresden Dolls

Let's get lost
Fingers burst
It is an ordinary evening, yeah
I am broadcasting, are you receiving? Yeah

Sick, sick sound
All fall down
It is a necessary evil, yeah
Just like highway gas stations and people, yeah

I remember golden days when all this was a mystery
And you could write a letter then or, God forbid, come visit me
And if you find yourself without me
Can you find yourself without me?
Can you find yourself without me?
Can you find yourself without me?

Hey, I'm fine, fine
You are saying nothing but your tongue is getting blacker all the time
It is a miserable feeling
Seven on a scale from dead to breathing
I've connected speakers to my suitors at the discotheques
And they don't know the difference
Are they men or are they memorex?
And if you find yourself without me
If you find yourself without me
C'mon find yourself without me
C'mon, c'mon, c'mon
And take your Listerine, Listerine

I remember golden days when all this was a mystery
And you could write a letter then or, God forbid, come visit me
I remember golden days when all this was a mystery
And you could write a letter then or, God forbid, come visit me

And if you find yourself without me
If you find yourself without me
C'mon find yourself without me
C'mon, c'mon, c'mon
And take your Listerine, Listerine, Listerine
