

Last Time I Checked

Gorilla Zoe

Last time I checked B K was the hood
Last time I checked Bankhead was the hood
Last time I checked Harlem was the hood
But them rappers don't live there they live in Hollywood
Last time I checked long beach was the hood
Last time I checked Collipark was the hood
Last time I checked Compton was the hood
But them rappers don't live there they live in Hollywood
It ain't about where you at, it's about where you from
If you ever go back they might hit you with a drum
You a G somewhere else but at home you's a bitch
You can't go back to the hood 'cause they know you a snitch
Pussy ass rappers fake ass niggas
Metaphorical gangsta studio killas
Everybody know you been lame
Tryna hide behind a chain and a nickname, that's a damn shame
Shoot ya videos gon' fuck ya groupie hoes
Talk dat shit like da hood don't really know
Da hood despise you
I kick it wit da same niggas use to bully you in high school, nigga
Who you lyin' to, me? Nigga
We can see straight through you like a x-ray, nigga
Me, I'm gorilla, you'd be me if you could
But I don't think you can 'cause they say you Hollywood
Last time I checked North Philly was hood
Last time I checked Carol city was hood
Last time I checked uptown was hood
But them rappers don't live there they live in Hollywood
Last time I checked H-town was the hood
Last time I checked Chi-town was the hood
Last time I checked Detroit was the hood
But them rappers don't live there they live in Hollywood
What if the same dude you looked up to was a rapper
And you realized he wasn't nothing like you
He ain't watch the shit bubble, he ain't see the same struggle
He ain't never go what you been through
(Aight, I'm finna keep it real wit him now)
Real niggas don't feel dem, niggas
And on some real nigga shit man I feel you, niggas

We like we miss Pac, we need to hear Dre, we miss Big N.W.A
Well what do they say

Well here go this and listen to that
Man somebody tell these labels that they artists are whack
Your CD's are Frisbees, we call 'em drink coasters
Wastin' all ya money on these flyer's and posters
Try to make it look good, buy you a sound scan
Is that the damn plan, well, here's a helping hand
You want some real sells, you need the damn hood
If you don't want to sell wood then don't go Hollywood
Last time I checked Carolinas was hood
Last time I checked Little Rock was hood
Last time I checked Nattown was the hood
But them rappers don't live there they live in Hollywood
Last time I checked Alabama was hood
Last time I checked Mississippi was hood
Last time I checked North Philly was hood
But them rappers don't live there they live in Hollywood
Oh, surrounded by security and police
But you claim gangsta bullshit pussy nigga show me
Nobody told me I don't see you run
You, ya whole entourage and all them damn guns
I ain't never seen a bunch of pussy niggas run around
Like they was killas when they know that they are hoes
All you niggas scary I can tell how you be lookin'
When you see a real nigga for sho'
We don't play games that's y'all punk niggas
And if the shit was a game, we'd skunk you niggas
Playin' make me [Incomprehensible], punk you niggas
Backstreet boy let your record label pump you niggas
I ain't never seen a bunch of pussy niggas run around
Wit dat sack when they homeboys broke
They respected in the hood 'cause you gon' Hollywood
You can't have dat man and everyone knows, yeah, Hollywood
Last time I checked little Haiti was hood
Last time I checked zone 3 was the hood
Last time I checked the whole bay was the hood
But them rappers don't live there they live in Hollywood
Last time I checked Indiana was hood
Last time I checked man savanna was hood
Last time I checked Louisiana was hood
But them rappers don't live there they live in Hollywood
