

# Whiskey Daydream

Brandon Wolf Hill & Sciamachy

[Chorus x2]

I'm lost in whiskey daydreams  
I want someone to save me  
Oh baby, would you stay please  
I can't take another day of this  
So all I'm really saying is

[Post Chorus]

Whiskey daydream  
Whiskey daydream  
Oh-whoa  
All I'm really saying is

[Verse One]

Everyday I see a common theme  
Whiskey is the only way I dream  
Nightmares while I'm sleeping  
Wake up screaming  
Am I breathing

[Chorus x2]

I'm lost in whiskey daydreams  
I want someone to save me  
Oh baby, would you stay please  
I can't take another day of this  
So all I'm really saying is

[Post Chorus]

All I'm really saying is
