

# All I Need

**Myron Williams**

## Verse 1

So many distractions that pull me away  
Too many attractions that lead me astray  
You come to me senses Lord and call your Friend  
Now I'm back in your arms again

You alone are all I need  
For you hold my destiny  
You alone are all I need~yeah  
In you alone I am complete

## Verse 2

I set my affections completely on you  
There's not more rejection and no more abuse  
You melt my defenses Lord and call me your Friend  
Now I'm back in your arms again  
Now I'm back in your arms again  
Now I'm back in your arms again

You alone are all I need  
For you hold my destiny  
You alone are all I need~yeah  
In you alone I am

You alone are all I need  
For you hold my destiny  
You alone are all I need~yeah  
In you alone I am complete  
In you alone I am complete  
In you alone I am complete  
In you alone I am complete
