

Coming Home

Ras Shiloh

I keep placing Jah for life
I will do the things thats right
I keep loving Jah for life
I keep doing things thats right Oh oh oh yes Weve been drifting far too long
unable to find a way
Asking Jah to lend the hell
And protect us day by day Even suffering far too long
Help the wick to be strong (Chorus)
Were coming home, Ethiopia will wait us
Were coming home, and were burning Babylon
I cant wait to get home to mama (mama)
To feel her warm embrace
I been longing her, to touch ya
And see her smiling face (oh mama)
I now shes gonna welcome me home
Im not damn girl alone (alone yes)
Im on my way, to see her
And when I get there Ill never gonna leave her
I will never , desive her
Shes a positive force in my life (Chorus x2)
Were coming home, ooohhhh ooohhhhoooh
Were coming home, and were burning Babylon
Were coming home, Mount Zion oh wait us
Were coming home, ooohhh ooohoooh I keep place in Jah for life
I will do the things thats right (x2)
