

Government Flu (Demo)

Dead Kennedys

We got a drug
We're gonna try it out on you
Won't make you die
It'll getcha just a little bit sickGot a head cold, got a chest cold and it's three days old goin' on forever
Make you hazy, make you lazy, drive you crazy
For days and days and days and days and days and yearsBarely got the time now
To stay on the job
Double up the dosage in your water supply
Make you even sicker till you're slippin' awayGetting all depressed, it's getting all your friends
You can't get it up for nothing that'll rock the boatNo!The government flu
The government flu
The government fluSlip it abroad
Keep a-slowin' down the USSR
But meanwhile
We'll keep an eye on what it's doin' to youGot a head cold, got a chest cold and it's three days old, goin' on
forever
Make you hazy, make you lazy, drive you crazy
For days and days and days and days and days and
Days and days and days and days and days and
Days and days and days and days and days and yearsThe government flu
The government flu
The government flew
Through
You
