

Long Distance Blues

[Joe Bonamassa](#)

Hello long distance
Put my baby on the line.
Hello long distance
Put my baby on the line.
I've got to talk to my girl
And tell her what I have on my mind. I've never been so lonesome,
And I've never been so blue.
I've never been so lonesome,
And I ain't never felt so blue.
It's been a long time baby,
Since I had a letter from you. Well send me some money baby.
Please don't talk no trash.
What I need from you baby
Less talk, and a lot of cash. Hello long distance
Put my baby on the line.
I've got to talk to my girl
And tell her what I have on my mind
