Wake Up

Luminate

It's been forever since the last time I saw you here
Oh, where did ya go, gotta know, did you disappear
I can't believe anything that you say
You're so much more but you're standing in the wayLove, look at me, can't you see
You are no mistakeYa gotta wake up, wake up, wake up, it's a new day
Open up your eyes, I wanna see you
Wake up, wake up, wake up, it's a new day
Step into the light 'cause the dead man was sleepingThe new man is alive
We gotta wake up, wake up, wake up, it's a new day
Now's your time to live
It's your time to live
Don't forget, we've been bought and we hold the key
Let's show the world there's a love that can set them free
We are free, you and I, we're a light in the dark
But every fire starts with a sparkYa gotta wake up, wake up, wake up, it's a new day
Open up your eyes, I wanna see you
Wake up, wake up, wake up, it's a new day
Step into the light 'cause the dead man was sleepingThe new man is alive
We gotta wake up, wake up, wake up, it's a new day
Now's your time to live
It's your time to liveCan you hear the song that's rising
A song of hope, song of love inside us
Can you hear the song that's rising
A song of hope, song of love inside us
Oh it's rising up, oh, it's rising up
Yeah, it's rising, rising, rising up, yeah yeah yeahYa gotta wake up, wake up, wake up, it's a new day
Open up your eyes, I wanna see you
Wake up, wake up, wake up, it's a new day
Step into the light 'cause the dead man was sleepingThe new man is alive
We gotta wake up, wake up, wake up, it's a new day
Now's your time to live, it's your time to live, it's your time, it's your time
So come on, come on, come on
