

If I Have To

Avery Wilson

Cry a river, build your own melody
Yeah, I would drive to heaven and build you a staircase
'Cause I heard action speaks louder than words
So when you have all your doubts and wonderDo I need you, do I love you?
 Will I go blind for you to see I do?
 When you need proof and words won't do,
 I'll walk on fire just to get to you
 If I have to!Climb a valley,
 And even burn a bridge
 Yeah, I would!
Hold me grow young, so I have more time to give
'Cause I heard action speaks louder than words
So when you have all your doubts and wonderDo I need you, do I love you?
 Will I go blind for you to see I do
 When you need proof and words won't do,
 I'll walk on fire just to get to you
 If I have toMake it better, in a thousand times
 No more blood is gonna run
 Walk a mile from me to get where you are
And that's what I'd do if I have toSo, do I need you, do I love you?
 Will I go blind for you to see I do?
 When you need proof and words won't do,
 I'll walk on fire just to get to you
 If I have to, oh
 If I have to
 If I have to, hey
 If I have to
