Weakest

Keke Wyatt

I'm just thinking, babe
Maybe you and I can spend a weekend here
In a bed 'cause I don't know if I have the strength
To get away from your loving oh, ohh
I'm getting weaker, babe
Every other minute, uh, when you all up in it
It don't ever finish, boy, you know you're driving me crazy
Going insane for your loving, no, oh, whoa
Now I'm at my weakest, loving so loud
We're busting all the speakers, all on the ground
And my body's calling for you but you barely can hear
I can't speak 'cause I'm weak, it's clear, whoa, oh
That you'll never ever stop what you be doing
Take it to the floor and we still making love
Right there, right there, you know where you going
Don't know what you're doing to me
And we crawling out for more, we crawling on the floor
We crawling at the bed, bed and it really had me
We get weaker, weakest I've ever been, oh
But don't worry I can handle it
Ain't no words to say
You take me to a place like I ain't never been
Can we stay 'cause I can't move, you broke my defense?
You got me hooked on your loving, ohh, oh, oh
My body's aching, baby
Fatigue is taking over, you work me like I owe you
But this ain't no complaint just so you know, yeah
This feeling is crazy, I'm still addicted to your love, baby
Now I'm at my weakest, loving so loud

We're busting all the speakers, all on the ground
And my body's calling for you but you barely can hear
I can't speak 'cause I'm weak, it's clear
That you'll never ever stop what you be doing
Take it to the floor and we still making love
Right there, right there, you know where you going
Don't know what you're doing to me
And we crawling out for more, we crawling on the floor
We crawling at the bed, bed and it really had me

We get weaker, weakest I've ever been
But don't worry I can handle it
That's why I'll never forget tonight
'Cause I ain't never felt this way in my life
Don't understand how you taken my energy
(Making love to me, keeping me weak)
What do you expect me to do?
You got me falling now bending
You'll never ever stop what you be doing
Take it to the floor and we still making love
Right there, right there, you know where you going
Don't know what you're doing to me
And we crawling out for more, we crawling on the floor
We crawling at the bed, bed and it really had me
We get weaker, weakest I've ever been
But don't worry I can handle it
Ohh, ooh baby
Ohh, ooh baby
Ohh, ooh baby
That I've ever been, ohh
