

One Moment More

[Mindy Smith](#)

Hold me, even though I know you're leaving
And show me all the reasons you would stay
It's just enough to feel your breath on mine
To warm my soul and ease my mind
You've got to hold me and show me now
Give me just one part of you to cling to
And keep me everywhere you are
It's just enough to steal my heart and run
Then fade out with the falling sun
Oh, please don't go
Let me have you just one moment more
Oh, all I need
All I want is just one moment more
You've got to hold me yeah, and keep me, now
Tell me, how someday you'll be returning
And maybe, maybe I'll believe
It's just enough to see a shooting star
To know you're never really far
It's just enough to see a shooting star
To know you're never really gone
Oh, please don't go
Let me have you just one moment more
Oh, all I need
All I want is just one moment more
Oh, please don't go
Let me have you just one moment more
Oh, all I need
All I want is just one moment more
You've got to hold me yeah, maybe I'll believe
So hold me, even though I know you're leaving
