

Even If I Wanted To

Gloriana

I believed in us, baby
I believed in this love
From we would always be together
I would always be the only one
You said I'd never be lonely
Now here I am all alone
I let you take me from 'This is forever'
To 'That's just the way love goes'
And breakin' up's the best thing we'll ever do
Couldn't go back even if I wanted to
Right now we're broken down, baby
Neither one of us wants to be
Somebody else's maybe
Makin' up's the best thing we'll never do
Your words, I still remember you
Breakin' it to me, goin' right through me
I couldn't go back even if I wanted to
Said I've been gettin' all your messages
You're beggin' me to call you up
How you were wrong about it
And all you think about is
How you can't quit thinkin' 'bout us
And I been lyin' here cryin', baby
Goin' back and forth all night
From 'I can't live without ya'
To 'Better off without ya'
I keep comin' back to 'You were right'
Breakin' up's the best thing we'll ever do
Couldn't go back even if I wanted to

Right now, we're broken down, baby
Neither one of us wants to be
Somebody else's maybe
Makin' up's the best thing we'll never do
Your words, I still remember you
Breakin' it to me, goin' right through me
I couldn't go back even if I wanted to
Even if I wanted to
Your words

Your words goin' right through me
Your words
Your words goin' right through me
Breakin' up's the best thing we'll ever do
Breakin' up's the best thing we'll ever do
Breakin' up, yeah
Breakin' up, yeah
Breakin' up's the best thing we'll ever do
Couldn't go back even if I wanted to
Right now we're broken down, baby
Neither one of us wants to be
Somebody else's maybe
Makin' up's the best thing we'll never do
Your words, I just wanna thank you for
Breakin' it to me, goin' right through me
I couldn't go back even if I wanted to
Even if I wanted to, yeah
So breakin' up, it's the best thing we'll ever do
