

# Pity

## Drowning Pool

My life served on a plate  
For all of you to eat  
Take my love and hate  
But what is this inside of me  
Pity me, pity me, don't you pity me  
Pity me, pity me, don't you pity me  
Don't you pity me  
Don't you pity me  
Under everything  
Something that you can't see  
I can't even believe  
Something is wrong with me  
Pity me, pity me, don't you pity me  
Pity me, pity me, don't you pity me  
Don't you pity me  
Don't you pity me  
You swear that all of this is real  
But sometimes I can't seem to feel  
Nothing ever satisfies  
One day I will realize

Am I really scared  
Of something that I don't know  
Do you even care  
What is really wrong  
Pity me, pity me, don't you pity me  
Pity me, pity me, don't you pity me  
Don't you pity me  
Don't you pity me  
You swear that all of this is real  
But sometimes I can't seem to feel  
Nothing ever satisfies  
One day I will realize  
Don't you pity me  
Don't you pity me  
Don't you pity me  
Don't you pity me  
Don't you pity me  
Don't you pity me

Don't you pity me
