

Baby

Warpaint

Don't you call anybody else baby,
 'Cause I'm your baby still
 You took a long time to make it
 But I've never changed my mind
 I've never tried to fake it
 Never drew the line
Don't you call anybody else baby,
 'Cause I'm your baby still
 You took a long time to make it
 But I've never changed my mind
 You speak your fears
 Thinking in circles
 And checking word nears
 Don't think
 You live your life like a page
 From the book of my fantasy
 How I love you

 You speak your fears
 Thinking in circles
 And checking word nears
 Don't think
 You live your life like a page
 From the book of my fantasy
 You speak your fears
 Thinking in circles
 And checking word nears
 Don't think
 You live your life like a page
 From the book of my fantasy
 You speak your fears
 Thinking in circles
 And checking word nears
 Don't think
 You live your life like a page
 From the book of my fantasy
Don't you call anybody else baby
