

Girls Like (Feat. Zara Larsson)

Tinie Tempah

All the girls like
Said I was the man
All I ever needed was a plan
Tell J.K that we still rolling
Yeah, tell Russell I'm a brand
Yeah, bust that skank
Ain't nobody messing with the gang
Might take a fly out for the weekend
And go can cause I can
Go low, go low, everybody get low
Had a couple hits and a couple solos
Now I got a couple rents and a couple more boats
Jump parkside, everybody loco
I was jumping off the mandem with a polo
Now I'm with a mandem at the polo
I could make a honey give away her last rolo
Then I say sure, yo, you know how it goes
All the girls like I know what boys like
I know what they want
They want that good thing
They wanna get some
(All the girls like)
I know what boys like
I know what they want
So go ahead and prove me right
That's what girls like Yeah, rollie on the wrist, that's me, me
Man of the year I'm fleek
Had a couple man wanna be me
Them man can't be T.T
Tell 'em only winners are allowed
No diggiy-dee, no diggiy-doubt
I was getting blowed but few girls were putting out
Told them I was gonna blow back when I was in the south
Go low, go low, everybody go low
Since she want me she don't want the coco
So I made her send it back less she want my loco
And I got American, got a Volvo
Used to have a black my piece of Roco
Now everyone I go people want a photo

I could make a honey give away her last rolo
Then I say sure, yo, you know how I roll
All the girls like I know what boys like
I know what they want
They want that good thing
They wanna get some
(All the girls like)
I know what boys like
I know what they want
So go ahead and prove me right
That's what girls like Don't need me a guy who's a friend
