

# Bury My Head

**Kate Walsh**

Tip-toeing where you shine your light  
Stealing my heart into the night  
And springing it on me just when the time was right  
You told me about her and all the plans you're making  
Lost in the woods with two crumbs for takingNow I don't want to share  
Your fingers through my hair  
But if you keep calling my name  
I'll bury my head in the sand hoping you'll stayHow can't you be different from the rest?  
Oh, won't you surprise me instead?  
I've had it up to here  
Please just be my darling, my dearI knew it was hard for you to say  
Quivering like a leaf as we layI guess that I could share  
Your fingers through my hair  
But if you keep calling her name  
I'll bury my head in the sand hoping you'll changeHow can't you be different from the rest?  
Oh, won't you surprise me instead?  
I've had it up to here  
But, please just be my darling, my dear  
But, please just be my darling my dear
