Living Together In Sin

The Whispers

Your folks and mine want to disown us
we're two sinners they say
They don't approve of how we're living
but we're happy this way
They say we're living together in sin cause
we're not married
Living together in sin but both of us are grown
And life is ours to choose, to each his own
we're in love

All of our friends never invite us
and they don't come around
But that's alright, we have each other
the world they put us down and say we're
living together in sin cause we're not married
living together in sin but both of us are grown
and life is ours to choose to each his own;
we're in love
They say we're living together in sin

They don't understand
you're my woman and I'm your man
You and me against the world
I'm your man and you're my girl
If loving you is a sin I'm gonna sing it again
and again and again and again
Mom and dad can't you see
we love each other, why can't it be
For you I'd turn my back on family and friends
For you I'd do it again, and again and again, and
again, and again.....
