

# Mañanana

## Regurgitator

imagine you and your partner  
sailing on the seas  
you can sail for 10 days free  
south pacific breeze..oh

put it off manana  
let's go today  
put it off manana  
let's go today

my thought is a seed  
that grows into me  
and my fear is a cane  
i lean on when i'm sane

put it off manana  
let's go today  
put it off manana  
let's go today

i've sewn my mouth shut  
so i can't talk to you  
so i can paint a picture  
to send to you  
i think you'll get it tomorrow  
i hope you like it
