# Big Racks

## Kap G

I got
I gotAye
I got big racks on my head
I got big racks on my head now
I got big racks on my head
I got big racks on my head now
(I got big racks, I got big racks, I got)
(I got big racks, I got big racks, I got)
(I got big racks, I got big racks, I got)
(I got big racks) I got big racks on my head now
I was tryna get it fuck a friend
We ain't gettin' money? Come again now
I go KD when it's for the win
I'ma keep it solid 'til the end (for life)
Say you with me, but really you pretend (you ain't my brudda)
Pull up on your bitch, she gon drop her pants down
Droptop I'ma pull up in a Benz (skrrr)
Swear I told them racks like I was Jim Brown(I got big racks on my head) (I got a lotta)
(I got big racks on my head now) (ooooh)
(I got big racks on my head)
(I got big racks on my head now)
Aye
I got big racks on my head
I got big racks on my head now
I got big racks on my head
I got big racks on my head now
(I got big racks, I got big racks, I got)
(I got big racks, I got big racks, I got)
(I got big racks, I got big racks, I got)
(I got big racks) I got big racks on my head now
Focus tryna stack a million
Get rich or die tryin' 50 cent
Many men, many men, many men
They don't really wanna see you, boy win
Ain't have a check first
Had to flip first
Had a net work
To create my net worth
Getting cheese, you know fool that work uh

Go to KOD she got that leg work
Yeah, and I'm diving in head first (come here)
Yeah, I just wanna see how the neck work (good brain)
Yeah, I can't wait to buy that red vert (skrrr)
Yeah, I put them hours in no pat workAye
I got big racks on my head
I got big racks on my head now
I got big racks on my head
I got big racks on my head now
(I got big racks, I got big racks, I got)
(I got big racks, I got big racks, I got)
(I got big racks, I got big racks, I got)
(I got big racks) I got big racks on my head nowYou got to know, got to a know
You got to know, got to a know
You got to know, got to a know
I got big racks on my head
I got big racks on my head now
I got big racks on my head
I got big racks on my head now
