

Made for This

Sick Individuals

I could be the one for you
You don't know a thing about me I could be your lover
You don't know a thing about me Let me in and I will take you over
You don't know the things I'm gonna show
you Come and take me on, I'm already gone
Even as you stand there
I know we were made for this Statue from a stone, make us beautiful
I know we were made for this So don't throw it all away
Before you know my na-a-a-ame Come and take me on
I can't watch you stand there
I know we were made for this
