

# Het Barbecue Lied

## Kees Diks

Barbeqyou, barbeqme, barbeqeverybody  
All you need is fun on an island in the sun  
Barbeqyou, barbeqme, barbeqeverybody  
Drinking just a bit until the barbecue is lit  
On a tropic island we go always to the beach  
With plenty of cocktails and not just one for each  
When the sun is setting everyone wants to eat  
Let's go barbequing and grill a piece of meat  
Barbeqyou, barbeqme, barbeqeverybody  
All you need is fun on this island in the sun  
Barbeqyou, barbeqme, barbeqeverybody  
Drinking quite a lot until the barbecue is hot  
On a tropic island is the pool the place to be  
Party in the water the sun is here for free  
With music loudly playing when the barbecue is filled  
Chicken steaks and burgers we love them juicy grilled  
Barbeqyou, barbeqme, barbeqeverybody  
All you need is fun on this island in the sun  
Barbeqyou, barbeqme, barbeqeverybody  
Drinking just a bit until the barbecue is lit  
On a tropic island people always want to grill  
But when one ask for veggies that gives us such a thrill  
Quinoa and green salads only eaten by a fool  
One thing is for sure the barbecue will rule  
Barbeqyou, barbeqme, barbeqeverybody  
Barbeqyou, barbeqme, barbeqeverybody  
On a tropic island we go always to the beach  
With plenty of cocktails and not just one for each  
When the sun is setting everyone wants to eat  
Let's go barbequing and grill a piece of meat  
Barbeqyou, barbeqme, barbeqeverybody  
Barbeqyou, barbeqme, barbeqeverybody  
Barbeqyou, barbeqme, barbeqeverybody  
Barbeqyou, barbeqme, barbeqeverybody
