

You Didn't Do It

Soraya

One day you call me To tell me that you love me
And then you call me
To tell me that you don't
You should have told me
My baby that you love me
But you keep talking
And talking on the phone
You should have told me
You can't live without me
But you didn't do it
And now my love is gone
(My love is gone) ()
You didn't do it
You didn't tell me
So now it doesn't matter what you say to me
You didn't do it
You didn't love me
And now I don't remember what you meant to me
'Cause I feel nothing when you tell me that you're feeling bad
And you want me back
'Cause you didn't do it
And now my love is gone You say I'm crazy
My baby but you're lying
You kept me living
And dying in an empty world
You should have kissed me
When you saw me crying
But you didn't do it
And now my love is gone
(My love is gone) Thinking out what to do
I gotta get away from you
Got to give me something
Got to make my dreams come true 'Cause I feel nothing when you tell me that you're feeling bad
And you want me back
'Cause you didn't do it
And now my love is gone You didn't do it
You didn't tell me
(It doesn't matter, it doesn't matter)
You didn't do it

You didn't love me
(It doesn't matter, it doesn't matter)
You didn't do it
You didn't tell me
(Thinking out what to do, I gotta get away from you)
You didn't do it
You didn't love me
