

Undercover

No Doubt

You carried a city
I climbed up in a tree
Want you to get me down, but I'm scared of what I'll see
I need a private eye
To see through your disguise
'Cus I wanna know everything
Oh I look in down deep inside you
& I want to come in, but I can't do it
I'm so scared of what I might find there
You have something to hide, & you can't show it
I think I'm getting hot
Try to connect the dots
You're on your tip toes, trying hard not to be caught
Some things are unexplained
Some people can't be tamed
But I wanna know everything
Oh I look in down deep inside you
& I want to come in, but I can't do it
I'm so scared of what I might find there
You have something to hide, & you can't show it
And I want to believe you, I want to believe that you're giving it all up for me

You're so undercover
Keeping it all hush hush
What happened to us?
I can't believe, give it up, so I can't get to love
I can't believe this
Oh I can't take it
Oh I wanna eat you up
I can't believe this
Under the covers
Oh I look in down deep inside you
& I want to come in, but I can't do it
I'm so scared of what I might find there
You have something to hide, & you can't show it
x2
And I want to believe you, I want to believe that you're giving it all up for me
You're so undercover
Keeping it all hush hush

Oh I'm looking in your eyes
I wanna grab you, & I can't do it
I wanna take you back to real life
I wanna love you with the hope that I won't ruin it
& we'll look down in your eyes
I wanna take off your disguise
