Ain't nothin better then southern Cali weather
From spring to the summer to the middle of December
Never need a sweater cause it barely gets cold
I know you heard it all before but let the story be told
Ain't nothin better then southern Cali weather
Spring to the summer to the middle of December
And in November we be harvesting trees
That's why So Cal life be the life for meYeh Johnny Richter I feel what ya sayin
Growin up in California a young punk skatin
With my pants always saggin' and my hat on sideways
Vans on my feet, you can catch me on the highway
People always ask me why me favorite day is Friday
Because when the weekend comes it's time to do it my way
I broke all the rules, I thought I was cool
I started smokin cigarettes and always ditched school
That's right as a kid it didn't get better
In the summer nights with the perfect weather
Not a cloud in the sky with a real nice breeze
Building houses and forts in the top of the trees
And I got a little older turned into a skateboarder
BMX is next, get a ditch double sess
Livin' average grown lifes I guess, more or less
Didn't worry about the future, never delt with the stress.Ain't nothin better then southern Cali weather
From spring to the summer to the middle of December
Never need a sweater cause it barely gets cold
I know you heard it all before but let the story be told
Ain't nothin better then southern Cali weather
Spring to the summer to the middle of December
And in November we be harvesting trees
That's why So Cal life be the life for meNow we got a lot love for the west
And at the home shows they be rockin it the best
Now we about to rep, we about to break it down

Different area codes startin with P-Town
714 and the 310
OC to LA it be full of hoes
818 and the 213
Plus the 619 they got the bomb weed
562 and the 949
Down to the 805 we runnin down the line
And in the 909 everything's always fine
There's nothin better than a day of California sunshineAin't nothin better then southern Cali weather
From spring to the summer to the middle of December
Never need a sweater cause it barely gets cold
I know you heard it all before but let the story be told
Ain't nothin better then southern Cali weather
Spring to the summer to the middle of December
And in November we be harvesting trees
That's why So Cal life be the life for meIt's another beautiful day in paradise
Wake up around 10 adjust my eye sight
I look to my right and to no suprise
I got a Californa queen sleepin by my side
She's about 5'5, with a body of a queen
Type of girl ya keep around it ain't no 1 night fling
And me being a king it seems the perfect match,
Seein how in Californa things just happen like that
When I first saw her face I looked into her eyes
She had a beautiful smile and a sexy vibe
With a little sassyness I was diggin her scene
She was dressed real cute with some tight blue jeans
So we got to chat and rolled up a blunt
We both had the munchies so I bought us some lunch
Come to find out we had alot in common
We both had tat's and love the southern Cali farmingAin't nothin better then southern Cali weather
From spring to the summer to the middle of December
Never need a sweater cause it barely gets cold
I know you heard it all before but let the story be told
Ain't nothin better then southern Cali weather
Spring to the summer to the middle of December
And in November we be harvesting trees
That's why So Cal life be the life for me
Ain't nothin better then southern Cali weather
From spring to the summer to the middle of December
Never need a sweater cause it barely gets cold
I know you heard it all before but let the story be told
Ain't nothin better then southern Cali weather
Spring to the summer to the middle of December
And in November we be harvesting trees

That's why So Cal life be the life for me
