Blinded By Euphoria

Skyfire

[Music: Hanner / Lyrics: Wenngrenn]A euphoria, you live in a dream
Wake up and smell reality's flowerUnwanted emotions stuck like a
thick layer of glue; weakness
It will break you down, make you
blind, in a way never
experience beforeTrying desperately to get this
feeling out of my mind
But every time I try it's just like
"something's dragging you back"
Believe me
Release me from this evil spell
so I can be whole againUnwanted emotions stuck like a
thick layer of glue; weakness
It will break you down, make you
blind, in a way never
experienced before
Before and after, hatred toward the lie
You live in euphoriaTrying desperately to get this
feeling out of my mind
But every time I try it's just like
"something's dragging you back"
Believe me
Release me from this evil spell
so I can be whole againIndifferent to what you speak of
Your words have already been spokenBlinded and unaware of the truth
No own way of thinking left
Filtrated emotions, where is your true spirit?
You have not lived this lifeTrying desperately to get this
feeling out of my mind
But every time I try it's just like
"something's dragging you back"
Believe me
Release me from this evil spell
so I can be whole again
