

Forever for Tonight

Blessid Union of Souls

Could I be with you alone?
I'm not sure where this will go
Cause we don't have the time we need
Just enough to make us bleedCause I'll be leaving soon
It's hard to say when I'll return
And I don't want to lead you on
So if you feel the need
Close your eyes and share this dream
It will be eternityForever for tonight
I will be there
To hold you through the night
Forever for tonight
I will love you
Forever for tonight
Forever for tonightAs I look into your eyes
Feelings much too strong for us not to try
And if by chance we lose this fight
Darling we still have tonightSo when I'm far away
I will always be with you
You will never be alone
So if you feel the need
To take my hand and share this night
It will be eternityForever for tonight
I will be there
To hold you through the night
(I'll be there for you babe)
Forever for tonight
I will love you
Forever for tonightSee, I've been broken down
By empty promises
Like a sky without a star
I've been having doubts that I can feel again
But I believe that I will love you
Ohhhhhh, yeeaaahForever for tonight
I will be there
To hold you through the night
(I'll be there for you baby)
Forever for tonight
I will love you

Forever for tonight
