

# Last Song

Paul Sylvan

All of my friends said that I should just wait a little  
All of my friends said that you weren't the one  
And to that i replied, just worry bout your own life because I knew that you were my love

I met you on a sunday  
And we got married on that monday  
And now lifes looking so good  
Its looking soooo good  
And i wanted you to like me  
But now you just suprise me

And now lifes looking so good  
Its looking soooo goooooood  
I'm so glad that i found you(3x's)  
In the silliest of ways  
And i wanted you to like me  
And now you just suprise me  
I'm so glad that i found youuu  
So glad that i found you  
Oh
