

# My Song

**Tanya Tucker**

I wasn't lookin' for no one, I was just out tryin' to have some fun  
When, baby, you walked in my world that day  
Then you looked right into my eyes  
And a voice that could make the devil cry  
You just sang my poor heart away  
Friends may come and friends may go  
But lovers either stay or break your heart, oh, you just fall apart  
I thought I could take it or leave it but I can't hardly believe it  
But nobody ever sang a song about me before  
And I begged you, baby, as you walked out the door  
Please don't play my song for somebody else  
It's so beautiful, let me keep it for myself  
Please don't change the chorus and put in another man's name  
Please don't take my song away, oh baby  
Please don't take my song away  
Sittin' here in my lonely room with the radio on one afternoon  
I heard a voice that made me shiver  
Oh, no one could sing that way if they didn't mean just what they say  
And my tears fell like a river  
Sang, "Oh baby, I love you, I was such a fool not to stay  
We may never see each other again  
But I'll never take your song away, oh baby  
I'll never take your song away, oh baby  
I'll never take your song away"
