

Unemployed

Wizo

We are unemployed, happy, happy unemployed
We are unemployed, we got nothing to do, juhu
We are unemployed, Paula, me and you

We've got no job - job
We've got no work - work
We've got no job, no work and nothing else to do
We're feelin' good - good
We're feelin' fine - fine
We're feelin' great and so we sing it all again
