

Nowhere

Cheap Trick

Don't know what you're thinking
I don't really have a clue
But all I see is in your eyes
And what I see is really you
Now I'm in the voice of reason
The reason I'm so confused
So where do you think you're leavin' now?
So what do you think I'll do?
Tell the way you're going now
You know it's no place for me
And we have been nice and slow
And you wanna be with a man No this is leading to nowhere
And nowhere's the place to be
You know this is leading to nowhere
And nowhere is where you'll be
Don't know what you're thinking
You took the "you" out of me
And I can't see that I had any right
To what you see, we could ever be
I'm not the voice of reason
You know that's so confused
So when do you think you're leaving now?
So what do you think you'll do?
don't tell me where you're going now
I don't really care to know
It could've been nice to have told me
When you wanted me to go No this is leading to nowhere
And nowhere's the place to be
You know this is leading to nowhere
And nowhere is where you'll be
No this is leading to nowhere
And nowhere's the place to be
You know this is leading to nowhere
And nowhere is where you'll be No this is leading to nowhere
And nowhere's the place to be
You know this is leading to nowhere
And nowhere is where you'll be, yeah
