

# Hypnolove

## Wondermints

I don't buy faith at the door  
Don't handle snakes anymore  
I roll my hypnolove to you  
I don't need muscular wheels  
No Scandinavian reels  
I would never shake you up  
Wouldn't want to wake ya  
I just want to take you down  
I want to open wide  
I want to step inside  
I don't need optical nerve  
I don't believe I'm a perv  
I roll my hypnolove to you  
I would never shake you up  
Wouldn't want to wake ya  
I just want to take you down  
I want to open wide  
I want to step inside  
I would never shake you up  
Wouldn't want to wake ya  
I just want to take you down  
I want to open wide  
I want to step inside  
I roll my hypnolove all night
