Mentally Yours

Savatage

Timmy went out to play with the friends he made
Why did they send him away
He drove his mommy mad his daddy he ran
They didn't understandNow he gazes his cold night trough
Reliving all of the things he'd do
If he only had another change
If that was all he hadHis tension life, he beats the wife
Doused the cat with gasoline
Got to try the other side
He just had to get awayThat's when it all began
Timmy lost his mind
Was just a matter of time
Before he went crazyMentally yours, I'm mentally yours
Mentally yours, I'm mentally yours
Mentally yours, I'm mentally yours
Mentally yours, I'm mentally yoursRunning wild 'cause that's his style
Can't be held by any cage
Crossed the line the final time
Tonight he takes his stageThat's when it all began
Timmy lost his mind
No one cried
When Timmy diedMentally yours, I'm mentally yours
Mentally yours, I'm mentally yours
Mentally yours, I'm mentally yours
Mentally yours, I'm mentally yoursMentally yours, I'm mentally yours
Mentally yours, I'm mentally yours
Mentally yours, I'm mentally yours
Mentally yours, I'm mentally yoursMentally yours, mentally yours
Mentally yours, mentally
Mentally, mentally yours
