Butter In the Jam

Distorted Penguins

You and me we're so mature
I think I know that, but I'm not sure
You and me do crazy things
And I know that you have wingsOoo... Ooo... Ooo...
You and me we got connections
You and me got strange confessions
You and me we say what goes
We do stuff that nobody knowsCome at my house at midnight
Leanin' on my arm at twilight
You know only who I am
Never put butter in the jamButter, butter
Put butter in the jam
