

# Butter In the Jam

## Distorted Penguins

You and me we're so mature  
I think I know that, but I'm not sure  
You and me do crazy things  
And I know that you have wingsOoo... Ooo... Ooo...  
You and me we got connections  
You and me got strange confessions  
You and me we say what goes  
We do stuff that nobody knowsCome at my house at midnight  
Leanin' on my arm at twilight  
You know only who I am  
Never put butter in the jamButter, butter  
Put butter in the jam
