Remembrance

Paradise Lost

I am the one to which you'll go
You are the one from which I'll run
Fading to gray, the wanton prayYou'll find shelter, I'll find none
I'll leave your pointless life undone
Breaking your days, my anguish staysFate, fate of my laughter, the loss of your sight
Hate, hating the vicious lies, I will revel insaneI see your face, I've seen your face
I turn and run, you'll have no placeTime, time is the father in my corrupt mind
Pain, echoes in the silent sky
Remember life now? Do you remember life now
