

Something Changed

Pulp, Anne Dudley & Orchestra

I wrote this song two hours before we met
I didn't know your name or what you looked like yet
Oh, I could have stayed at home and gone to bed I could have gone to see a film instead
You might have changed your mind and seen your friends
Life could have been very different but then Something changed Do you believe that there's someone up above?
And does He have a timetable directing acts of love?
Why did I write this song on that one day?
Why did you touch my hand and softly say
Stop asking questions that don't matter anyway
Just give us a kiss to celebrate here today Something changed Oh, when we woke up that morning we had no way
of knowing
That in a matter of hours we'd change the way, we were going
Where would I be now
Where would I be now if we'd never met?
Would I be singing this song to someone else instead?
I don't know but like you said Something changed
