She's Not It

Head Automatica

She's not it
She's really not it
She ain't it
She's really not it
You know I'm glad that she's not alive
She quit her job when she was 45
This kind of drama hits me every day
She got a job, I got a salary
But you know me
I will do what I gotta do in spite of you
And you will me patiently
Dreaming of me in spite of you miserably
She's not it
She's really not it
She ain't it
She's really not it
I got a couple things I really need to say
One of 'em is funny and the other is passe
Walk the plank
She had me swimmin' in the whole damn tank
Yeah, but you know me
I will do what I gotta do in spite of you
Then you will me patiently
Dreaming of me in spite of you in misery
She's not it
She's really not it
She ain't it
She's really not it
'Cause I'm leavin', I'm leavin'
And I just can't help these, just can't help these feelings
I'm still breathin', no more deceivin'
And I just can't help these, just can't help these feelings
She's not it
(No, she's not it)
She's really not it
(No, she's not it)
She ain't it
(No, she's not it)
She's really not it

(No, she's not it)
She's not it
(No, she's not it)
She's really not it
(No, she's not it)
She ain't it
(No, she's not it)
She's really not it
(No, she's not it)
