This Modern Love

Bloc Party

To be lost in the forest, to be caught adrift
You've been trying to reach me
You bought me a book
To be lost in the forest, to be caught adrift
I've been paid, I've been paidTo be lost in the forest, to be caught adrift
You've been trying to reach me
You bought me a book
To be lost in the forest, to be caught adrift
I've been paid, I've been paid, I've beenDon't get offended if I seem absent minded
Just keep telling me facts and keep making me smile
And don't get offended if I seem absent minded
I get tongue-tiedBaby, you've got to be more discerning
I've never known what's good for me
Baby, you've got to be more demanding
I will be yoursI'll pay for you anytime
I'll pay for you anytimeAnd you told me you wanted to eat up my sadness
Well, jump on, enjoy, you can gorge away
And you told me you wanted to eat up my sadness
Jump rightBaby, you've got to be more discerning
I've never known what's good for me
And baby, you've got to be more demanding
Jump leftWhat are you holding out for?
What's always in the way?
Why so damn absent-minded?
Why so scared of romance?This modern love breaks me
This modern love wastes me
This modern love breaks me
This modern love wastes meDo you wanna come over and kill some time?
Do you wanna come over and kill some time?
Do you wanna come over and kill some time?
Throw your arms around me
